## **METRO RETAIL STORES GROUP, INC.**

### **NOTES TO UNAUDITED INTERIM CONDENSED FINANCIAL STATEMENTS**

---

#### **1. Corporate Information and Approval of the Financial Statements**

##### Corporate Information

Metro Retail Stores Group, Inc. (MRSGI; the Company) was incorporated and registered with the Philippine Securities and Exchange Commission (the SEC) on August 28, 2003 in the Republic of the Philippines. The Company is 76.62%-owned by Vicsal Development Corporation (VDC), 0.72%-owned by Value Shop Stores, Inc., and the rest by the public. Its primary purpose is to buy, sell and trade, goods, wares and merchandise of every kind and description and in general to carry on the businesses of a supermarket, hypermarket and department store operator. The Company began commercial operations on November 19, 2004.

The Company's common stock was listed with the Philippine Stock Exchange (PSE) on November 24, 2015 (see Note 14).

The Company's principal place of business is located at Vicsal Building, corner of C.D. Seno and W.O. Seno Streets, Guizo North Reclamation Area, Mandaue City, Cebu.

##### Approval of the Financial Statements

The unaudited interim condensed financial statements of the Company as at March 31, 2021 and for the three-month periods ended March 31, 2021 and 2020 were approved and authorized by the Board of Directors (BOD) on May 7, 2021.

---

#### **2. Basis of Preparation, Statement of Compliance and Summary of Significant Accounting Policies**

##### Basis of Preparation

The unaudited interim condensed financial statements of the Company have been prepared on a historical cost basis and are presented in Philippine Peso (₱), which is the Company's functional currency. Amounts are rounded off to the nearest Philippine Peso, except where otherwise indicated.

The accompanying unaudited interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements as at December 31, 2020.

##### Statement of Compliance

The accompanying unaudited interim condensed financial statements as of March 31, 2021 and for the three-month periods ended March 31, 2021 and 2020 have been prepared in accordance with Philippine Accounting Standards (PAS) 34, *Interim Financial Reporting*.

##### Adoption of New and Amended Accounting Standards and Interpretations

The accounting policies adopted in the preparation of the Company's financial statements are consistent with those of the previous financial year except for the following new accounting pronouncements.

*Effective beginning on or after January 1, 2021*

- Amendments to PFRS 9, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform – Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

The Company shall also disclose information about:

- The about the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition

The amendments are effective for annual reporting periods beginning on or after 1 January 2021 and apply retrospectively, however, the Company is not required to restate prior periods.

*Effective beginning on or after January 1, 2022*

- Amendments to PFRS 3, *Reference to the Conceptual Framework*

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3, *Business Combinations* to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets* or Philippine-IFRIC 21, *Levies*, if incurred separately. At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022 and apply prospectively

- Amendments to PAS 16, *Plant and Equipment: Proceeds before Intended Use*

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 and must be applied retrospectively to items of property, plant and equipment made available

for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

The amendments are not expected to have a material impact on the Company.

- *Amendments to PAS 37, Onerous Contracts – Costs of Fulfilling a Contract*

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022. The Company will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments.

- *Annual Improvements to PFRSs 2018-2020 Cycle*

- *Amendments to PFRS 1, First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent’s date of transition to PFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of PFRS 1.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Company.

- *Amendments to PFRS 9, Financial Instruments, Fees in the ‘10 per cent’ test for derecognition of financial liabilities*

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other’s behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The Company will apply the amendments to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment. The amendments are not expected to have a material impact on the Company.

- Amendments to PAS 41, *Agriculture, Taxation in fair value measurements*

The amendment removes the requirement in paragraph 22 of PAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of PAS 41.

An entity applies the amendment prospectively to fair value measurements on or after the beginning of the first annual reporting period beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Company.

*Effective beginning on or after January 1, 2023*

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*

The amendments clarify paragraphs 69 to 76 of PAS 1, *Presentation of Financial Statements*, to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively. The Company is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

- PFRS 17, *Insurance Contracts*

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

PFRS 17 is effective for reporting periods beginning on or after January 1, 2023, with comparative figures required. Early application is permitted.

*Deferred effectivity*

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

## 22. Lease Commitments

### *Company as a lessee*

The Company enters into lease agreements with third parties and related parties for Company's stores, warehouses and corporate office space. The Company also entered into lease arrangements covering various computer equipment used in the operations of the Company. These leases have terms ranging from one to 41 years and generally provide for either: (a) fixed monthly rent; or (b) minimum rent or a certain percentage of gross revenue, whichever is higher. Certain leases include a clause to enable upward revision on the rental charge on an annual basis based on prevailing market conditions.

The Company's obligations under its leases are subject to interest and penalty in cases of default of payment. There are several lease contracts that include extension and termination options and variable lease payments, which are further discussed below.

The Company also has certain leases of equipment and staff-houses with lease terms of 12 months or less and leases of equipment with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

The rollforward analysis of right-of-use assets follows:

### 24. Segment Reporting

The Company has determined that it is operating as one operating segment. Based on management's assessment, no part or component of the business of the Company meets the qualifications of an operating segment as defined by PFRS 8.

The Company's store operations is its only income generating activity and such is the measure used by the CODM in allocating resources.

The Company conducts its operations through the following store formats:

#### *Department Stores*

Department stores are engaged in the business of trading goods, commodities, wares and merchandise of any kind, such as clothes, bags, accessories, toys, and household goods.

#### *Supermarket*

Supermarkets offer a wide selection of meats, seafoods, fruits and vegetables and organic produce. This format also offers ancillary services such as pharmacy, bakeshop, café and fastfood outlets. A supermarket maybe a stand-alone supermarket or opened together with a department store.

#### *Hypermarkets*

Hypermarkets consist of "superstores" which is a combination of supermarket and department store which offer a wide range of product including full grocery lines and general merchandise.

The Company does not report its results based on geographical segments. The Company has no significant customer which contributes 10% or more to the revenues of the Company.

---

## 25. Financial Instruments

### Fair Value of Financial Instruments

As of March 31, 2021 and December 31, 2020, the Company has no financial asset and liability carried at fair value.

### Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

### Financial Assets

Due to the short-term nature of the transaction, the fair values of cash and cash equivalents, short-term investments, trade receivables, rentals and receivable from related parties, other receivables (Claims from insurers and accrued interest receivable) and security deposits under "Other current assets" approximate the carrying values at end of reporting period.

### Financial Liabilities

Due to the short-term nature of trade and other payables (excluding statutory payables), loans payable, current portions of lease liabilities, their carrying values approximate fair value at end of reporting period.

There were no transfers between levels 1, 2 and 3.

### Financial Risk Management Objectives and Policies

The main purpose of the Company's financial instruments is to fund its operations and capital expenditures. The main risks arising from the Company's financial instruments are liquidity risk and credit risk. The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options.

#### *Liquidity risk*

Liquidity or funding risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with financial instruments. The Company's exposure to liquidity risk relates primarily to its short-term obligations.

The Company seeks to manage its liquidity profile by maintaining cash at a certain level and ensuring the availability of ample unused revolving credit facilities from banks as back-up liquidity that will enable it to finance its operating expenses.

The Company maintains a level of cash deemed sufficient to finance operations. As part of its liquidity risk management, the Company regularly evaluates its projected and actual cash flows.

The table below shows the maturity profile of the financial liabilities of the Company as of March 31, 2021 and December 31, 2020 based on the remaining period at the reporting date to their contractual maturities and are also presented based on contractual undiscounted repayment obligations.

***Credit risk***

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

The Company's receivables are actively monitored by its collection department to avoid significant concentrations of credit risk.

The Company manages the level of credit risk it accepts through comprehensive credit risk policies setting out the assessment and determination of what constitutes credit risk for the Company. The Company's policies include: setting up of exposure limits for each counterparty; reporting of credit risk exposures; monitoring of compliance with credit risk policy; and review of credit risk policy for pertinence and the changing environment.

The table below shows the maximum exposure of the Company to credit risk:

Collaterals or credit enhancements pertain to cash bonds posted by credit account holders to secure payment of credit purchases through the Company's credit facilities. These also pertain to tenants' security deposits which shall be applied against the tenants' last billing.

#### *Impairment of financial assets*

The Company has the following financial assets that are subject to the expected credit loss model:

- trade receivables from third party and related parties for sales of inventory;
- rent receivables from third party and related parties for rental of spaces;
- other debt instruments carried at amortized cost

Other debt instruments carried at amortized cost include cash and cash equivalents, short-term investments, accrued interest receivables, refundable security deposits and receivable from

insurance. These are also subject to the impairment requirements of PFRS 9, the identified impairment losses were immaterial.

*Trade and rent receivables*

The Company applies the PFRS 9 simplified approach in measuring ECL which uses a lifetime expected loss allowance for all trade and rent receivables. To measure the expected credit losses, trade and rent receivables have been grouped based on shared credit risk characteristics and the days past due. The ECL on trade and rent receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company has identified the GDP and the unemployment rate of the country in which it sells its goods and accordingly adjusts the historical loss rates based on expected changes in these factors.

Below is the information about the credit risk exposure on the Company's trade receivables using a provision matrix:

Trade receivables are written off when there is no reasonable expectation of recovery. All of the indicators that there is no reasonable expectation of recovery should be present prior to write off which include, amongst others, the failure of a debtor to engage in a repayment plan with the Company, debtor is experiencing significant financial difficulties, and a failure to make contractual payments for a period of greater than 90 days past due. Provisions are measured using Stage 3 ECL where receivables are considered credit impaired.

Impairment losses on trade receivables are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

## **26. Seasonality of Operations**

The Company experiences seasonal fluctuations in supermarket, department store and hypermarket operations. Historically, sales peak in December of each year, thereafter it slows down in the first quarter of the year and begins to increase in the second quarter, driven by the summer season, the school break in April and May, and particularly the beginning of the school year in the month of June. This is followed by a slowdown in sales in the third quarter due to the rainy season.

## MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Results of Operations

#### *Three-month period ended March 31, 2021 versus March 31, 2020*

#### Revenue

##### *Net sales*

For the three-month period ended March 31, 2021, our net sales were ₱6,915.7 million, a decrease of 18.6% compared to ₱8,495.9 million for the same period last year.

Total food retail business declined by 14.7%, while general merchandise business declined by 30.2% over the same period last year. In the middle of March 2020, supermarket operations were disrupted and department stores were temporarily closed brought about by the COVID-19 outbreak. These were gradually opened but were faced with customer traffic constraint since community quarantine is still in effect and as consumers prioritized the purchase of essential goods in general.

Blended same store sales declined by 21.4% over the same period last year.

##### *Rental income*

For the three-month period ended March 31, 2021, our rental income was ₱38.7 million, a decrease of 45.6% compared to ₱71.1 million for the same period last year. The decrease in rental income is primarily due to the temporary closure of non-essential tenants as a result of the community quarantine that started middle of March 2020 brought about by the COVID-19 outbreak, as well as, rental concessions extended to tenants who continued to operate.

##### *Cost of sales*

For the three-month period ended March 31, 2021, our cost of sales was ₱5,544.1 million, a decrease of 17.5% compared to ₱6,717.2 million for the same period last year. Cost of sales declined slightly slower than net sales due to the increase in share to business of our food retail business which typically have a higher cost of sales compared to general merchandise.

##### *Operating expenses*

For the three-month period ended March 31, 2021, our operating expenses were ₱1,478.6 million, a decrease of 19.0% compared to ₱1,826.3 million for the same period last year. The decrease in operating expenses is mainly attributable to the increased efficiency and continuous cost reduction and saving measures implemented by the Company.

##### *Interest and other income*

For the three-month period ended March 31, 2021, our interest and other income was ₱19.4 million, a decrease of 85.7% compared to ₱135.3 million for the same period last year. The decrease is primarily caused by the timing of recognition of recovery from insurance claims of the Company for inventory, property and business interruption of a supermarket and department store that were damaged by fire in January 2018. This amounted to nil and ₱104.4 million as of March 31, 2021 and 2020, respectively.

In addition, there is a decrease in interest income from money market placements due to lower placements coupled with lower interest rates this year. This amounted to ₱10.0 million and ₱15.0 million in March 31, 2021 and 2020, respectively.

*Finance costs*

For the three-month period ended March 31, 2021, finance costs were ₱118.0 million, a decrease of 19.1% compared to ₱145.9 million for the same period last year. The decrease is primarily driven by the decrease in finance cost related to lease liabilities, offset with the increase on finance costs related to the Company's outstanding loans payable.

*Provision for (benefit from) income tax*

For the three-month period ended March 31, 2021, our benefit from income tax was ₱40.5 million, a decrease of 926.5% compared to provision for income tax of ₱4.9 million for the three-month period ended March 31, 2020. The decrease in provision for income tax was primarily due to the decrease in income before tax.

*Net income / (loss)*

As a result of the foregoing, for the three-month period ended March 31, 2021, our net loss was ₱126.5 million, a decrease of 1681.3% compared to the net income of ₱8.0 million for the three-month period ended March 31, 2020.

## **Financial Position**

As of March 31, 2021 and December 31, 2020, our net current assets, or the difference between total current assets and total current liabilities, were ₱3,451.3 million and ₱2,996.5 million respectively, representing a positive net working capital position.

### *Current Assets*

Our current assets consist of cash and cash equivalents, short-term investment, receivables, merchandise inventories and other current assets. Total current assets as of March 31, 2021 and December 31, 2020 were ₱8,003.3 million and ₱9,722.5 million, respectively. The decrease of 17.7% of current assets is significantly due to decrease of cash and cash equivalents, receivables and merchandise inventory.

As of March 31, 2021, short-term investment totaled ₱1,278.6 million, receivables totaled ₱532.2 million, merchandise inventories totaled ₱4,726.8 million and other current assets totaled ₱505.4 million. As of December 31, 2020, short-term investment totaled ₱1,270.6 million, receivables totaled ₱672.1 million, merchandise inventories totaled ₱4,981.6 million and other current assets totaled ₱540.9 million.

As of March 31, 2021, cash and cash equivalents amounted to ₱960.3 million, a decrease of 57.5% from ₱2,257.3 million as of December 31, 2020. The decrease were mainly attributable to settlement of trade and other payables of ₱1,580.6 million and acquisitions of property and equipment amounting to ₱193.0 million.

### *Noncurrent Assets*

Our noncurrent assets consist of property and equipment, right-of-use assets, deferred tax assets–net and other noncurrent assets. Total noncurrent assets as of March 31, 2021 and December 31, 2020 were ₱11,508.0 million and ₱11,651.4 million, respectively. While property and equipment increased by ₱229.7 million and deferred tax assets–net by ₱23.8 million, the depreciation and amortization of right-of-use assets and decrease in other noncurrent assets resulted to a decrease of 1.2% in total noncurrent assets.

### *Current Liabilities*

Total current liabilities as of March 31, 2021 and December 31, 2020 were ₱4,552.0 million and ₱6,726.0 million, respectively. As of March 31, 2021 and December 31, 2020, trade and other payables totaled ₱3,066.7 million and ₱4,642.3 million, respectively, and consisted primarily of trade payables to our suppliers for purchases of inventory. Loans payable – current portion outstanding amounted to ₱1,000.0 million and ₱1,500.0 million as of March 31, 2021 and December 31, 2020, respectively.

### *Noncurrent liabilities*

Total noncurrent liabilities as of March 31, 2021 and December 31, 2020 were ₱6,567.7 million and ₱6,111.6 million, respectively. The increase of 7.5% was primarily due to the availment of long-term bank loan of ₱500.0 million in January 2021.
