METRO RETAIL STORES GROUP, INC.

NOTES TO UNAUDITED INTERIM CONDENSED FINANCIAL STATEMENTS

1. Corporate Information and Approval of the Financial Statements

Corporate Information

Metro Retail Stores Group, Inc. (MRSGI; the Company) was incorporated and registered with the Philippine Securities and Exchange Commission (the SEC) on August 28, 2003 in the Republic of the Philippines with a corporate life of 50 years. The Company is 76.62%-owned by Vicsal Development Corporation (VDC), 0.72%-owned by Value Shop Stores, Inc., and the rest by the public. Its primary purpose is to buy, sell and trade, goods, wares and merchandise of every kind and description and in general to carry on the businesses of a supermarket, hypermarket and department store operator. The Company began commercial operations on November 19, 2004.

The Company's common stock was listed with the Philippine Stock Exchange (PSE) on November 24, 2015 (see Note 13).

The Company's principal place of business is located at Vicsal Building, corner of C.D. Seno and W.O. Seno Streets, Guizo North Reclamation Area, Mandaue City, Cebu.

Approval of the Financial Statements

The unaudited interim condensed financial statements of the Company as at June 30, 2020 and for the six-month periods ended June 30, 2020 and 2019 were approved and authorized by the Board of Directors (BOD) on August 12, 2020.

2. Basis of Preparation, Statement of Compliance and Summary of Significant Accounting Policies

Basis of Preparation

The unaudited interim condensed financial statements of the Company have been prepared on a historical cost basis and are presented in Philippine Peso (₱), which is the Company's functional currency. Amounts are rounded off to the nearest Philippine Peso, except where otherwise indicated.

The accompanying unaudited interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements as at December 31, 2019.

Statement of Compliance

The accompanying unaudited interim condensed financial statements as of June 30, 2020 and for the six-month periods ended June 30, 2020 and 2019 have been prepared in accordance with Philippine Accounting Standards (PAS) 34, *Interim Financial Reporting*.

Adoption of New and Amended Accounting Standards and Interpretations

The accounting policies adopted in the preparation of the Company's financial statements are consistent with those of the previous financial year except for the following new accounting pronouncements which became effective January 1, 2020.

In 2019, the Company applied PFRS 16, Leases. The nature and effect of changes as a result of adoption of this new accounting standard are described below.

- PFRS 16, *Leases*

PFRS 16 supersedes PAS 17, *Leases*, Philippine Interpretation IFRIC 4, *Determining whether an Arrangement contains a Lease*, Philippine Interpretation SIC-15, *Operating Leases-Incentives* and Philippine Interpretation SIC-27, *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognize most leases on the balance sheet.

Lessor accounting under PFRS 16 is substantially unchanged from today's accounting under PAS 17. Lessors will continue to classify all leases using the same classification principle as in PAS 17 and distinguish between two types of leases: operating and finance leases. Therefore, PFRS 16 did not have an impact for leases where the Company is the lessor.

The Company adopted PFRS 16 using the modified retrospective approach upon adoption of PFRS 16 in 2019 and elects to apply the standard to contracts that were previously identified as leases applying PAS 17 and Philippine Interpretation IFRIC-4. The Company will therefore not apply the standard to contracts that were not previously identified as containing a lease applying PAS 17 and Philippine Interpretation IFRIC-4.

The Company has lease agreements for its stores, warehouses and corporate office space. Before the adoption of PFRS 16, the Company classified its leases (as lessee) at the inception date as operating lease. The Company also has a lease arrangement covering various computer equipment used in the operations. Before the adoption of PFRS 16, the Company classified this lease (as lessee) as finance lease.

Upon adoption of PFRS 16, the Company applied a single recognition and measurement approach for all leases using the lease-by-lease approach except for short-term leases and leases of low-value assets.

Leases previously classified as finance leases

The Company did not change the initial carrying amounts of recognized assets and liabilities at the date of initial application for leases previously classified as finance leases (i.e., the right-of-use assets and lease liabilities equal the lease assets and liabilities recognized under PAS 17). The requirements of PFRS 16 were applied to these leases from January 1, 2019.

Leases previously accounted for as operating leases

The Company recognized right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The right-of-use assets were recognized based on the amount equal to the lease liabilities, adjusted for any related prepaid lease payments, advance rentals and deferred charges previously recognized. Lease liabilities were recognized based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The Company also applied the available practical expedients wherein it:

- Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application

- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease

As of January 1, 2019:

- Right-of-use assets of ₱8,259.01 million were recognized and presented separately in the statement of financial position. This includes reclassification of Property, plant and equipment amounting to ₱67.75 million, net of accumulated depreciation, pertaining to portion of leased assets under the finance lease in the prior year.
- Lease liabilities amounting to ₱8,044.06 million were recognized and presented separately in the statement of financial position. This includes reclassification of Finance lease liability amounting to ₱65.39 million, pertaining to the finance lease in the prior year.
- Prepayments of ₱212.59 million related to advance rentals and deferred charges representing excess of principal amount of the security deposits over its fair value were reclassified to right-of-use assets.

For the period ended June 30, 2019 as restated, the impact of the adoption of PFRS 16 on the statement of comprehensive income follows:

	As restated	Balances without adoption of PFRS 16	Effect of change Increase/(Decrease)
Rental	₱252,642,610	₱894,343,735	(₱641,701,125)
Depreciation and amortization of right-of-use assets	581,434,172	—	581,434,172
Finance costs	301,903,492	8,008,294	293,895,198
Net income	375,939,124	539,478,895	(163,539,771)

Effective beginning on or after January 1, 2020

- Amendments to PFRS 3, *Definition of a Business*

The amendments to PFRS 3 clarify the minimum requirements to be a business, remove the assessment of a market participant's ability to replace missing elements, and narrow the definition of outputs. The amendments also add guidance to assess whether an acquired process is substantive and add illustrative examples. An optional fair value concentration test is introduced which permits a simplified assessment of whether an acquired set of activities and assets is not a business.

An entity applies those amendments prospectively for annual reporting periods beginning on or after January 1, 2020, with earlier application permitted.

- Amendments to PAS 1, *Presentation of Financial Statements*, and PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors, Definition of Material*

The amendments refine the definition of material in PAS 1 and align the definitions used across PFRSs and other pronouncements. They are intended to improve the understanding of the existing requirements rather than to significantly impact an entity's materiality judgements.

An entity applies those amendments prospectively for annual reporting periods beginning on or after January 1, 2020, with earlier application permitted.

These amendments did not have significant impact on the financial statements of the Company.

Effective beginning on or after January 1, 2021

- PFRS 17, *Insurance Contracts*

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

PFRS 17 is effective for reporting periods beginning on or after January 1, 2021, with comparative figures required. Early application is permitted.

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

*Due to adoption of PFRS 16

The Company, in the normal course of business, entered into the following transactions with related parties:

- a. The Company entered into an agreement with VDC for legal and other services. Management fee is lodged in “Contracted services” under “Operating expenses” in the statements of comprehensive income.
- b. Rentals from leases for the Company’s store spaces and warehouses. The Company recognized “Lease liabilities” for fixed rent and “Trade and other payables” for variable rent as of June 30, 2020 and December 31, 2019.
- c. The Company has short-term noninterest-bearing receivables/payables in the normal course of business pertaining to the recovery of expenses, sales and purchases of goods and services.
- d. The Company has receivables/payables pertaining to rental transactions in the Company’s stores. These are noninterest-bearing and are collectible within 30 days.

The Company has an approval requirement for all related party transactions. In the event that related party transactions exceed the materiality threshold, which is 10% of the Company’s total assets based on its latest audited financial statements, a more extensive approval process is required.

Cash placements and bank accounts with Wealth Development Bank Corporation (an entity under common control) amounted to ₱930.45 million and ₱799.46 million in June 30, 2020 and December 31, 2019, respectively, which earn interest based on prevailing market interest rates.

21. Income Taxes

Provision for (benefit from) income tax consists of:

	June 30, 2020 (Unaudited)	June 30, 2019 (Unaudited)
Current	₱30,170,075	₱229,556,178
Deferred	(64,474,393)	(73,561,376)
	₱(34,304,318)	₱155,994,802

The current provision for (benefit from) income tax pertains to final and regular corporate income tax for the six-month periods ended June 30, 2020 and 2019.

As of June 30, 2020 and December 31, 2019, the Company’s deferred tax assets amounted to ₱417.52 million and ₱309.28 million, respectively, which pertains to income tax effect of retirement benefit obligation, provision for impairment of assets, contract liability from customer loyalty program, nontaxable excess on insurance proceeds on damaged fixed assets and PFRS 16 adjustments.

22. Lease Commitments

Company as a lessee

The Company enters into lease agreements with third parties and related parties for Company's stores, warehouses and corporate office space. The Company also entered into lease arrangements covering various computer equipment used in the operations of the Company. These leases have terms ranging from one to 41 years and generally provide for either: (a) fixed monthly rent; or (b) minimum rent or a certain percentage of gross revenue, whichever is higher. Certain leases include a clause to enable upward revision on the rental charge on an annual basis based on prevailing market conditions.

The Company's obligations under its leases are subject to interest and penalty in cases of default of payment. There are several lease contracts that include extension and termination options and variable lease payments, which are further discussed below.

The Company also has certain leases of equipment and staff-houses with lease terms of 12 months or less and leases of equipment with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

Operating leases – Company as lessor

The Company entered into lease agreements with tenants for the use of space in the Company's stores. These lease agreements have terms ranging from one to five years. Certain leases include a clause to enable upward revision on the rental charge on an annual basis based on prevailing market rate conditions.

Tenants are required to pay for security deposits, subject to adjustment if minimum rent increases; refundable at the end of the lease term, after deducting the amount of damages to the leased premises and unpaid charges, if any. Security deposits amounted to ₱68.41 million and ₱65.74 million as of June 30, 2020 and December 31, 2019, respectively (Note 13).

Rental income amounted to ₱80.89 million and ₱121.69 million for the six-month periods ended June 30, 2020 and 2019, respectively.

Basic/Diluted EPS	(₱0.02)	₱0.11

There are no potentially dilutive common shares as of June 30, 2020 and 2019.

24. Segment Reporting

The Company has determined that it is operating as one operating segment. Based on management's assessment, no part or component of the business of the Company meets the qualifications of an operating segment as defined by PFRS 8.

The Company's store operations is its only income generating activity and such is the measure used by the CODM in allocating resources.

The Company conducts its operations through the following store formats:

Department Stores

Department stores are engaged in the business of trading goods, commodities, wares and merchandise of any kind, such as clothes, bags, accessories, toys, and household goods.

Supermarket

Supermarkets offer a wide selection of meats, seafoods, fruits and vegetables and organic produce. This format also offers ancillary services such as pharmacy, bakeshop, café and fastfood outlets. A supermarket maybe a stand-alone supermarket or opened together with a department store.

Hypermarkets

Hypermarkets consist of "superstores" which is a combination of supermarket and department store which offer a wide range of product including full grocery lines and general merchandise.

The Company does not report its results based on geographical segments. The Company has no significant customer which contributes 10% or more to the revenues of the Company.

25. Financial Instruments

Fair Value of Financial Instruments

As of June 30, 2020 and December 31, 2019, the Company has no financial asset and liability carried at fair value.

Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Financial Assets

Due to the short-term nature of the transaction, the fair values of cash and cash equivalents, short-term investments, trade receivables, rentals and receivable from related parties, other receivables (Claims from insurers and accrued interest receivable) and security deposits under "Other current assets" approximate the carrying values at end of reporting period.

Financial Liabilities

Due to the short-term nature of trade and other payables (excluding statutory payables), current portions of lease liabilities and finance lease liability, their carrying values approximate fair value at end of reporting period.

There were no transfers between levels 1, 2 and 3.

Financial Risk Management Objectives and Policies

The main purpose of the Company's financial instruments is to fund its operations and capital expenditures. The main risks arising from the Company's financial instruments are liquidity risk and credit risk. The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options.

Liquidity risk

Liquidity or funding risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with financial instruments. The Company's exposure to liquidity risk relates primarily to its short-term obligations.

The Company seeks to manage its liquidity profile by maintaining cash at a certain level and ensuring the availability of ample unused revolving credit facilities from banks as back-up liquidity that will enable it to finance its operating expenses.

The Company maintains a level of cash deemed sufficient to finance operations. As part of its liquidity risk management, the Company regularly evaluates its projected and actual cash flows.

The table below shows the maturity profile of the financial liabilities of the Company as of June 30, 2020 and December 31, 2019 based on the remaining period at the reporting date to their contractual maturities and are also presented based on contractual undiscounted repayment obligations.

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

The Company's receivables are actively monitored by its collection department to avoid significant concentrations of credit risk.

The Company manages the level of credit risk it accepts through comprehensive credit risk policies setting out the assessment and determination of what constitutes credit risk for the Company. The Company's policies include: setting up of exposure limits for each counterparty; reporting of credit risk exposures; monitoring of compliance with credit risk policy; and review of credit risk policy for pertinence and the changing environment.

The table below shows the maximum exposure of the Company to credit risk:

Collaterals or credit enhancements pertain to cash bonds posted by credit account holders to secure payment of credit purchases through the Company's credit facilities. These also pertain to tenants' security deposits which shall be applied against the tenants' last billing.

Impairment of financial assets

The Company has the following financial assets that are subject to the expected credit loss model:

- trade receivables to third party and related parties for sales of inventory;
- other debt instruments carried at amortized cost

Other debt instruments carried at amortized cost include cash and cash equivalents, short-term investments, accrued interest receivables, refundable security deposits and receivable from

insurance. These are also subject to the impairment requirements of PFRS 9, the identified impairment losses were immaterial.

Trade receivables

The Company applies the PFRS 9 simplified approach in measuring ECL which uses a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The ECL on trade receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company has identified the GDP and the unemployment rate of the country in which it sells its goods and accordingly adjusts the historical loss rates based on expected changes in these factors.

Below is the information about the credit risk exposure on the Company's trade receivables using a provision matrix:

Write-off	-	(3,703,304)
End of year	₱11,612,412	₱11,612,412

Trade receivables are written off when there is no reasonable expectation of recovery. All of the indicators that there is no reasonable expectation of recovery should be present prior to write off which include, amongst others, the failure of a debtor to engage in a repayment plan with the

Company, debtor is experiencing significant financial difficulties, and a failure to make contractual payments for a period of greater than 90 days past due.

Impairment losses on trade receivables are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

26. Seasonality of Operations

The Company experiences seasonal fluctuations in supermarket, department store and hypermarket operations. Historically, sales peak in December of each year, thereafter it slows down in the first quarter of the year and begins to increase in the second quarter, driven by the summer season, the school break in April and May, and particularly the beginning of the school year in the month of June. This is followed by a slowdown in sales in the third quarter due to the rainy season.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

*Six-month period ended June 30, 2020 versus June 30, 2019 as restated**

**June 2019 was restated to adopt PFRS 16, Leases (Note 2)*

For the six-month period ended June 30, 2020, the Company's operating income decreased by ₱335.2 million driven mainly by the 8.4% decrease in revenue, offset by decline in operating expenses at 8.9% due to disrupted operations brought about by the COVID-19 outbreak and lease recognition due to PFRS 16.

In Other Income (Charges), the Company recognized insurance recoveries amounting to ₱104.4 million and ₱372.8 million as of June 30, 2020 and 2019, respectively. In addition, the adoption of PFRS 16, Leases resulted to a significant increase in recognition of finance cost on related lease liabilities amounting to ₱280.1 million and ₱293.9 million as of June 30, 2020 and 2019, respectively. Net income after tax after these two significant transactions resulted to a decrease of 122.5%.

Revenue

Net sales

For the six-month period ended June 30, 2020, our net sales were ₱15,234.2 million, a decrease of 8.2% compared to ₱16,598.9 million for the same period last year. Total food retail business increased by 11.3% over the same period last year due to the enhanced community quarantine that took effect in the middle of March 2020, as well as, the opening of two (2) new supermarket stores in the second half of 2019.

Total general merchandise business, however, declined by 46.5% over the same period last year. In the middle of March 2020, department stores were temporarily closed brought about by the COVID-19 outbreak. These were gradually opened but were faced with customer traffic constraint since community quarantine is still in effect.

Blended same store sales declined by 13.6% over the same period last year brought about by the decline in sales of our general merchandise business.

Rental income

For the six-month period ended June 30, 2020, our rental income was ₱80.9 million, a decrease of 33.5% compared to ₱121.7 million for the same period last year. Decrease in rental income is primarily due to the temporary closure of tenants as a result of the community quarantine implemented brought about by the COVID-19 outbreak.

Cost of sales

For the six-month period ended June 30, 2020, our cost of sales was ₱12,111.8 million, a decrease of 5.9% compared to ₱12,869.6 million for the same period last year. Cost of sales declined slightly slower than net sales due to faster rate of growth of our food retail business, which typically have a higher cost of sales compared to our general merchandise.

Operating expenses

For the six-month period ended June 30, 2020, our operating expenses were ₱3,182.7 million, a decrease of 8.9% compared to ₱3,495.2 million for the same period last year.

Operating expenses for same stores, warehouses and shared services declined by 11.5% over the same period last year. The decrease is primarily driven by the temporary closure of all department stores due to COVID-19 pandemic.

Interest and other income

For the six-month period ended June 30, 2020, our interest and other income was ₱153.4 million, a decrease of 67.9% compared to ₱478.1 million for the same period last year.

The decrease was primarily due to timing of recognition of recovery from insurance claims of the Company for inventory, property and business interruption of a supermarket and department store that were damaged by fire in January 2018. This amounted to ₱104.4 million and ₱372.8 million as of June 30, 2020 and 2019, respectively.

In addition, there is a decrease in interest income from money market placements due to lower placements coupled with a lower interest rates this year. This amounted to ₱27.1 million and ₱58.9 million in June 30, 2020 and 2019, respectively.

Finance costs

For the six-month period ended June 30, 2020, finance costs were ₱293.0 million, a decrease of 2.9% compared to ₱301.9 million for the same period last year. The decrease in finance costs is primarily driven by the adoption of PFRS 16 Leases as at January 1, 2019.

Provision for (benefit from) income tax

For the six-month period ended June 30, 2020, our benefit from income tax was ₱34.3 million, a decrease of 122.0% compared to provision for income tax of ₱156.0 million for the six-month period ended June 30, 2019. The decrease in provision for income tax was primarily due to the decrease in income before tax.

Net income / (loss)

As a result of the foregoing, for the six-month period ended June 30, 2020, our net loss was ₱84.7 million, a decrease of 122.5% compared to the net income of ₱375.9 million for the six-month period ended June 30, 2019.
